Dear Sirs,

Our conservatory was completed yesterday by Richard the electrician, and we felt that we had to write and tell you how very pleased we are with it.

From Gareth who came and dug the footings and built the brickwork so immaculately, through Tom who efficiently assembled the windows and roof with its amazing quantity of insulation, Adrian(?) the plasterer, Les who laid the beautiful flooring, and finishing with Richard's work, each stage was completed to a very high standard. The whole job served as an excellent advertisement for you when we held a birthday party here on the 27th, when it was much admired.

We are already greatly enjoying our lovely extra room, and I am confident that when you return in the Autumn to replace the eaves and gutterings, our home will be further enhanced by Banbury. I would recommend you to anyone.

With many thanks
Yours faithfully,
